Pensacola State College – Milton Campus

5980 U.S. Highway 90 West

Milton, FL 32570

Autism rates are on the rise across our country! Today 1 in 110 children are diagnosed with autism. This creates a need for all law enforcement, first response, and criminal justice professionals to be educated in the signs of autism as well as effective ways to interact with individuals on the autism spectrum. The time to prepare yourself is now!

Join us for this fantastic opportunity to learn the most up-to-date information on autism as it applies to your particular field of expertise! Judge Kimberly S. Taylor, Greg Adams, Captain William A. Cannata, Jr., and Sergeant Jimmy Donohoe will present important information regarding autism to professionals working in the fields of law enforcement, first response, and criminal justice.

This conference is being presented at **no charge** and a free lunch will be provided for all attendees. Certificates of attendance will be presented at the end of the day.

This event promises to be an amazing experience for all involved! For more information, please call (850) 434-7171 or visit our website www.autismpensacola.org. To reserve your space, please email reservations@autismpensacola.org with the subject line "Safety Conference".
